**About the grafts** These graft's are not fresh grafts.They were grafted winter 2003 on 5 year understocks and will be on their second flush of growth when you recieve them.

Grafts will be ready to ship late May or when properly hardened off.

**Tips on growing** Sciadopitys require a well drained soil and will not tolerate wet feet.

Sciadopitys have little or no insect or disease problems other than those caused by over watering.

**How to order** Order by e- mail, fax, or mail. No phone orders please .  
Do not send payment with order. You will be billed before shipment. We do not accept credit cards.

There is a minimum order of \$ 50.00 plus shipping, handling,and box charge on all orders.

All plants that leave the nursery will be in good health but their survival cannot be guaranteed once they leave the nursery as we cannot control care and enviroment.
